Ensuring that students develop the appropriate attitudes to evolve as capable learners is an ongoing focus for an effective school. Children with a strong sense of self-worth positively engage in classroom learning and school life in general.

Dr Michelle Bruniges, Secretary of the NSW Department of Education, writes that school experience is not just about academic achievement, but about the wellbeing of the whole child. It is about positive relationships, good health and self-esteem contributing to students enjoying school more and achieving more while they are there.

Positive Behaviour for Learning, known as PBL, is an effective strategy that has been adopted by Public Education to develop and nurture self-concept and motivation. It is a whole school approach to wellbeing which includes engaging students in a framework of positive behaviour.

PBL is part of the Ashfield Public School Wellbeing Policy which is based on the Department of Education’s Wellbeing Framework. The policy is our commitment to a whole school culture of positive behaviour above and beyond achieving academic outcomes. It is our commitment to the 2008 Melbourne Declaration on Educational Goals for Young Australians which calls schools to promote the intellectual, physical, social, emotional, moral, spiritual and aesthetic development and wellbeing of young Australians.

Part of the PBL strategy manifests itself in the Ashfield Wellbeing Goals Super Seven: Be a learner; Be responsible; Act safely; Be respectful; Be a good friend; Be fabulous; Be resilient. The goals form the basis of the school merit system. When students achieve the goals they earn House Points and Certificates of Success. The certificates have the goals written across them with a particular goal circled when the certificate is given. The merit system is about focusing students on positive behavior for learning.

The success of the wellbeing goals at Ashfield Public School is evident. Students enthusiastically respond to being acknowledged for their positive behavior, especially when they are called up for a certificate on morning lines or during assembly; they feel safe, supported and cared for.

It is also pleasing that unproductive and challenging behaviour is significantly reduced for most students as the emphasis on PBL is on providing support to engage students in learning. This includes a whole school culture of mutual respect, hands on and active learning and making connections with student interests.

An effective primary school recognises the importance of wellbeing to the learning process. It develops a positive school culture that creates a sense of belonging and self-responsibility, with high student attendance, positive behaviour and appropriate achievement.

Supporting our students depends on a unified approach. The PBL strategy is the framework for our school and community as we collectively support the wellbeing of all our students.

Kindergarten had their first experience as professional athletics at the Ashfield Public School Athletic Carnival. Everyone was magnificent and participated with enthusiasm and fast legs. The day was beautiful and we were lucky enough to have some fantastic parent helpers. The P&C provided the perfect Kindergarten lunch; a sausage sandwich and an ice block.

We have all been reading our brand new Book Week Books in preparation for the exciting activities Mrs Drummond has organised for us all including the Book Character Parade. Keep an eye out for your teacher who will be in disguise.

Along with all the Book Week Festivities we have been powering along in our maths groups, experimenting scientifically, and rehearsing up a storm for the ‘Simply the Best’.
Support Unit Athletics Carnival Capers

What a beautiful day for a carnival!

The sun was shining and everybody was excited and full of energy. We caught the bus to the field and got straight into our first event – the 100m sprints. It’s a long way to run and you have to remember to stay in your lane. Well done to Jessie and Luis who both ran 4th in their heat!

Soon it was time for lunch and we had worked up an appetite! The sausage sandwiches were delicious but the ice blocks were even better! It wasn’t long before we were back on the field for the novelty events. There was sack races and games of ‘Rob the Nest’ but the favourite, by far, was the giant parachute.

A big thank you to our very own Mr Cartwright and team who organised the whole event and to the P&C for our yummy lunch.
Stage 1

Book Week Again! YAY!

Will they know who you are on Friday? Homemade costumes are so much fun and they don’t cost much money either. You can get lots of materials and ideas at school, just ask your teacher. Remember it’s a good surprise, so don’t spoil the fun! Book Week is another way Ashfield Public School engages in exciting learning. Thank you Mrs Drummond, we really enjoy reading.

Extra Helpers

Stage 1 is lucky to have so many extra helpers/teachers/teachers’ aides/parents in our classrooms.

1S- Mr Lin helps us in so many ways and is a life saver when we have technology problems.

1T- Student teachers help us with our maths, computer coding, and literature. Their teaching strategies are fresh out of university.

1/2V- Parent discussions with student’s education. Miss Vucetic keeps herself updated with trends and data and passes this on.

2W- People who listen to us read help us to enjoy not only reading but learning about other people’s lives.

Stage 1 values working cooperatively with all members of the community.

Mrs Wong’s Recorder Group is playing its way perfection. Another example of the talented students in Stage 1.

The Athletics Carnival

The Athletics Carnival was a great day. Congratulations to all those who won a place. We were all winners because we had fun and when we participated we tried our hardest.
Stage 2
Stage Page

Learning and Achievements in Stage 2

Things have been very busy this term in Stage 2. We have been involved in a range of learning experiences.

During weeks 3 and 4 we all participated in the School Swimming Scheme at Annette Kellerman Aquatic Centre. Each session began with a water safety talk where students learned about where to swim safely, how to enter and exit water and how to signal for help. They improved their skills in front and back gliding, freestyle and treading water. Everyone had a fantastic time and improved!

On the 10th of August our students were part of the school Athletics Carnival at Campbell Oval. Everyone had a wonderful time participating in track and field events. The day ended on a high note with everyone in Stage 2 competing in house relays.

Stage 2 was very excited to participate in the APS Spelling Bee on Wednesday the 12th of August. The representatives from Stage 2 were Kritika, Oskar, Muhit, Xixi, Isabelle, Sofhia, Hussain, Asta, Ronak, Keegan, John Matthew, Srijana, Skye, Isabella, Jessica, Freya and Liku. Everyone tried their best and was supported enthusiastically by their peers. Congratulations to Isabella and Asta who will represent Ashfield Public School at the Regional Spelling Bee.

Preparations are well under way for the Stage 2 performance for Simply the Best. Students have been rehearsing songs, lines and dance routines for their scenes. We are looking forward to the big show!
Stage 3
Stage Page

Swimming Lessons

Every afternoon for the past two weeks Stage 3 has visited Enmore Swimming Pool for swimming lessons. It has been a very busy couple of weeks! At 12:30 the bus picked us up from school to take us to the pools, where we quickly got dressed so we could jump into the water. Everyone was put into groups according to their experience swimming, and by the end of the program we were all swimming like pros. The lessons involved practising our breathing while swimming, breaststroke, freestyle, backstroke and of course being safe in the water.

Visit to Parliament House

On Friday the 7th of August two students from 5/6A got the exciting opportunity to visit Parliament House for Yarn Up with Mrs Drummond. Jermal presented a speech on climate change and Arthur both presented a speech about NRL. Both students also had to do an impromptu speech. Both Jermal and Arthur were pretty nervous about public speaking but overcame their fears and had a great day!
Volunteering at Ashfield Public School

Term 2 came to an end and both teachers and students deserved a well-earned break. The school is buzzing all the time. It was a slow beginning to the term for us volunteers as there were a few activities that interrupted our going there.

Throughout the term, I have been helping individuals and groups of students with their reading. It has been encouraging to see improvement in many. I have also been reading to them a Roald Dahl story about Mr Kranky and Mrs Kranky, George the son and their very nasty, demanding witch-like grandmother who said to George that he must stop eating chocolate and eat cabbage instead and that it is better if there is a grub in it. It was wonderful to experience the reaction of the students to this. There is a lot more to this story which the students listen well to and understand when asked questions. At the end of the term groups of students performed some of the scenes. Some were very hilarious.

Another volunteer from the village, Ron Hackett joined us in Term 2 and is enjoying the experience. We now look forward to the start of a whole new term and the many experiences that will bring.

Rev. John Hawkins
**Book Week 2015**

- **On Friday 14th August** at 9.30am Early Stage 1, Stage 1 and the Support Unit will be entertained by **Ruben Meerman the Surfing Scientist** in the School Hall.
- **On Friday 14th August** at 12.30pm Stage 2 and Stage 3 will meet the **author Boori (Monty Pryor)** a multi-talented performer.
- **On Friday 21st August** at 9.00am all students and teachers will dress up as our favourite Book Character for the Parade.
- **On Friday 21st August** Stage 2 and Stage 3 will visit Ashfield Library to meet the **author John Heffernan.** Students will show their costumes first then leave at 9.45 to be at the Town Hall by 10.00 still dressed in their costumes.
- Short listed books have been issued to each class. Come and see craft and art work which will be displayed in the hall
- The Canteen will be open at first break for hot chocolates and baked delights. Please bring $2.00 should cover costs.

**The Book Week costs are $10.** This covers the performances and prizes for the parade.

Please make sure you have put your money in an envelope and posted it in the shute.

**Thank you for all your help to make Book Week a reading success**

---

**Cultural Reporter**

**Speaking German**

Hello everyone, my name is Lilyon and i am the cultural reporter. Today we will be learning how to speak in German.

- **Hello everyone**
  - Hallo an alle
- **I love playing soccer**
  - Ich spiele gerne Fußball
- **My name is**
  - mein Name ist
- **I am healthy**
  - ich bin gesund
- **I love doing my work in class**
  - Ich liebe es meine Arbeit in der Klasse

---

**PSSA Netball**

Last Friday, the senior netballers went in Mrs. Graham’s and Ms. Etienne’s car to Cintra Park. At Cintra Park, we versed Summer Hill Public School. It was a hard match and unfortunately we lost 11-6. For two weeks, junior netball did not play due to swimming. We had a good time playing netball!

By Victoria
Hello Parents and Students, I’m Kenichi back for another green team report. Lately we’ve been seeing lots of rubbish in the wrong bin. Used tissues have been put in the BLUE bin instead of RED bins. Tissues are not recyclable and it takes more time to take them out from the bin making it harder to do the job. Please put the used tissues in the RED bin.

Final preparation for the Expanding Horizons Concert is underway as the rehearsal and performance day at the Sydney Opera House is happening on Monday, August 17th. Senior Choir will also be performing on Wednesday morning across the street at the Settlement Services International building for their Foundation Launch.

The countdown to Ashfield Public School’s musical performance, Simply the Best, draws nearer as all stages are rehearsing for their performances. The rehearsal of the whole school songs has been the main focus of music lessons in recent weeks and is sounding better all the time. Good job everyone!
SRC Report

Girl's Gala Day

We will be having an upcoming Girl's Gala Day on Thursday the 13th of August. It will consist of rule explaining, techniques, practice matches and all the information you need to play in the Girl's Handball Competition.

Also, we have currently been calling out lucky students' names for vouchers, from our generous Boost Juice donors in Ashfield Mall.

We are having a designer competition for all creative cravers; we need a logo for our healthy choices canteen to fit our name ‘Healthy Bytes’. If you have any art that you think would be good please show it to any of the SRC representatives!

Maths Help

Today we are talking about negative numbers.

Negative numbers are numbers below 0. It has a“-” at the front. Adding negative numbers equals to subtracting a positive number. For example: 16 + -8 = 16 - 8 = 8. Also, subtracting a negative number equals to adding a positive number. For example: 4 - -7 = 4 +7 = 11. If you are multiplying or dividing a negative number, look at the other number. If they are both negative, then the answer will be positive; if one of them is negative and the other one is positive, then the answer will be negative.

We have recently viewed a video about apples and strawberries. I know everyone eats them on a daily basis but we need to know how these scrumptious, delicious fruit are improving our health rate. They are rich in iron which is an important mineral in helping transport oxygen around our bodies. They are also rich in Vitamin C which helps protect the immune system.

I hope you have learned something as I have learned many!

Stay fit, stay pure, and stay healthy!

Water Monitor

Today I am going to talk about the benefit of the water tank.

The water tank can store water. The water tank can save both money and water. It can also reduce water bills. Ashfield P.S. has one in the garden and another one near the courtyard area. The rainwater tank is sometimes called a rain barrel in North America. Rainwater tanks are usually installed to make use of rain water for later use.

By Stephen

Technology report

The technology report for this week was about Google Translate.

Google Translate is a program made by Google that can help people to translate different languages. We also can hear the sound of another language to help us learn another language. Also we can download the google translate on iPhones and other devices. For now the Google Translate can translate more than fifty languages.

By Andre

Naidoc Week

Naidoc week is a week of celebration for Aboriginal and Torres Strait Islanders to celebrate the history, culture and achievements of Aboriginal and Torres Strait Islander people. Naidoc is not just celebrated by Indigenous communities but by all Australians, regardless of skin colour, religion, race or culture. Naidoc week celebrations are held across the country.
each July. Naidoc started in 1955 on the first week of July. Since then Indigenous people have celebrated their culture with Australia. This year’s Naidoc Week motto is “WE ALL STAND ON A SACRED GROUND” which means that under all this ground of cement people use to live here and did their traditional rituals. So remember to respect Indigenous land and HAPPY NAIDOC WEEK!

By Jermal

Arthur’s Speech

Yarn Up 2015 is an Aboriginal Education and Engagement initiative.

This is a copy of Arthur’s speech that he gave in the Legislative Assembly at NSW Parliament House on Friday 7th August.

Hello my name is Arthur Walford and today I will talk about NRL and my uncle Ricky Walford. Ricky Walford played for 3 teams. They were Eastern Suburbs Roosters, North Sydney Bears and St George Dragons. Uncle Ricky played for two representative teams which are country origin and New South Wales blues.

My favourite teams are the Rabbitohs and the Titans. You probably all know George Inglis.

Who loves Greg Inglis?

The reason why I like Greg Inglis is because he is Aboriginal, a powerful runner, a good team mate, a great NRL player and a terrific fullback player.

I play fullback in my Sunday team which are called the Rovers of Alexandria. Our jersey is coloured maroon and blue which is a combination of NSW blues and Queensland maroons.

My ambition is to be the fastest player in NRL JUST LIKE James Robertson. James Robertson played for the Rabbitohs and now he plays for the Titans.

I train hard because it creates bonds with my team mates. I play fair. I play to show my Indigenous culture how to play the game.

In conclusion NRL is my favourite game and I am passionate about.

I will work hard for a place in the Rabbitohs.

I love NRL – do you?

Chinese Ambassador

This article is about the Mid-Autumn Festival also known as the moon festival.

The moon festival is held on September 27th this year.

Yes we know you’re probably wondering why the Mid-Autumn Festival is next month and why it is called the mid-Autumn festival. Well that’s because in Australia it’s spring in September but in China it’s actually a bit different. It is different because China is on the opposite side of the world to Australia and it is their Autumn. Did you know that this festival is the second most important festival in China?

The photo on the right is of a moon cake and that is what people eat on that day. Inside of the moon cake is a rich thick filling usually made from red bean or lotus seed paste and is surrounded by a thin crust and may contain yolks from salted duck eggs. Mooncakes are usually eaten in small wedges accompanied by Chinese tea.

Nepali Ambassadors Report

Gai Jatra

Gai Jatra, the festival of cows, in Nepal, is celebrated mainly in the Kathmandu valley by the Newar and Tharu community. The festival commemorates the death of people during the year. During the festival, cows are marched in the streets. It falls on the 1st day of the dark fortnight of Gunla according to the lunar Nepal Era calendar. People also distribute food to others. The festival of cows is one of the most popular festivals of Nepal.

The whole complex of Gai Jatra festival has its roots in the ancient ages when people feared and worshiped Yamaraj, the god of death. The present form of Gaijatra is a blending of the ancient and medieval era.

According to tradition, every family who has lost one relative during the past year must participate in a procession through the streets of Kathmandu leading a cow. If a cow is unavailable then a young boy dressed as a cow is used as a substitute.

In Hinduism, a cow is regarded as the most honoured among all the domestic animals.

It is believed that the cow, valued as a holy animal by Hindus, will help the deceased relative’s journey to heaven.

According to historical evidence, when King Pratap Malla lost his son, his wife, the queen, was very sad. The king wanted to see his wife smile so he announced that anyone who made the queen laugh would be rewarded.

During the festival of Gaijatra, the cow's procession was brought before the sad queen. The queen laughed at the procession and from that time onward the procession of the cows became a tradition. After the procession is over, everyone dresses up and wears masks. The occasion is filled with songs and jokes. Gaijatra is a healthy festival which enables the people to accept the reality of death and to prepare themselves for life after death.

According to Hinduism, “whatever a man does in his life is a preparation leading to a good life after death”.

By Lisa and Apekchya
They need to love the act of learning

Hard as engagement is to define, it remains the key to cultivating students who will succeed by pursuing knowledge their whole lives.

Creating successful learners

We know that education must equip all young people with the knowledge, understanding, skills and values they need to achieve and be successful. But it should also instil the desire, skills and capacities to learn continuously, so every young person can take advantage of opportunities and face today’s and tomorrow’s challenges with confidence.

If success means lifelong learners who are involved in and take responsibility for their learning, then our task is to create an education system that ensures all young Australians are deeply engaged in learning – at school, and throughout their lives – and a workforce that can challenge and support those learners in being the best they can be.

What we should be striving to cultivate are students who care not just about the outcome but also the development of their learning. Ideally, this means students who take responsibility for their lessons, bring discretionary energy to their learning tasks and show a desire to learn beyond the school environment.

How do we promote student engagement?

The research on engagement is not definitive, but some studies have shown that student engagement is increased through flexible, individualised teaching in a supportive learning environment. Project-based learning, for example, allows students to own their selected task. Likewise, strong and trusting student-teacher relationships create a classroom where students feel safe and engaged. Carefully crafted student monitoring will be a key step for teachers to assess whether they are having a positive impact upon students.

Margery Evans is CEO of the Australian Institute for Teaching and School Leadership

This is an excerpt from an article published in the Education Review, Friday 13th February.

NEWSLETTER - T3 W6 August 2015

Dear Doris

I keep on forgetting my hat at home.
What should I do?
Signed Forgetful

Dear Forgetful,
Don’t worry I am here to help!

Here are some tips you can use if you forget your hat once more

1) When you arrive home from school, the first thing you should do is put your school hat in your bag. This way, you will already have your hat ready for school. If you pack your bag early, you won’t have to worry about packing your bag the next day.

2) If you really want to play with your friends at school and you don’t have a hat with you, take a stroll to your Principal’s office, he has spare hats you can use. Don’t be afraid to ask. Don’t choose any specific hat just choose any at least you’ve got one.

3) If you keep forgetting your hat, there will be a high chance you’ve lost it. Maybe check your school lost property or, check the places you were in before it might be there. Also, maybe ask your friend if they have seen your hat, they might lead you to it.

I hope these tips helped!

Signed Doris

Homework help

Do you struggle to understand your child’s homework? Does your child need to practice their spelling and times tables? Are you looking for inspiration for projects and assignments?

The free School A to Z app has been created by the Department of Education and Communities to help parents and their school-aged children, wherever and whenever they have homework and study questions.

Find out more: www.schoolatoz.nsw.edu.au/about/mobile-applications/school-a-to-z

Homework and multi-tasking

Somewhere along the line we seemed to have absorbed the idea that teenagers can multi-task perfectly because they’re digital natives. Can kids really do their homework and multi-task?

When lunch comes home again – uneaten

Almost nine out of 10 Australian parents say children’s resistance is a major obstacle in their efforts to provide a healthy diet, and in many cases school lunches are one of the battlegrounds.

But it’s a battle families can do without and there are some simple steps to help avoid it.

Find out more: www.schoolatoz.nsw.edu.au/wellbeing/food/when-lunch-comes-homeagain

Help with English

Does your child need help with spelling or writing? Here are some resources that may help.

Find out more: www.schoolatoz.nsw.edu.au/homework-and-study/english

Maths

Struggling to remember everything you have learned in maths? If you need a refresher course, here are some tips and tools to help you to help your child.

Cooks River Day Out

Saturday 22 August, 2015
11am-3pm
Gough Whitlam Park, Earlwood

The Cooks River is changing – wetlands are being restored, the riverbank is being naturalised, fish are returning, and the bird life is abundant.

Celebrate the Cooks River!

○ Enjoy natural and cultural hands-on activities
○ Meet the people who have been helping the River
○ Discover how the River is improving
○ Explore the local area on a walking or cycling tour

Program times & tour registration at cooksriverdayout.eventbrite.com.au

Gaawaa: river design by Lucy Simpson. gaawaamiyay.com

This project is jointly funded through Cooks River Alliance and the Australian Government's National Landcare Programme
